6. Brief Report

Led by the Union for International Cancer Control (UICC), **World Cancer Day** is observed every year on February 4 to raise awareness, improve education and catalyse personal, collective and government action to save millions of preventable cancer deaths. In keeping with this theme, this year, UICC has launched a three-year campaign to create more equitable access to cancer services with the theme – ‘Close the Care Gap’. In the first year — 2022-23 the campaign is “all about understanding and recognising the inequities in cancer care around the world”. This day was celebrated combined with Dept. Of Zoology. Dr.B.Purusotham, Principal of this college said “In India, the number of healthcare providers available to **treat cancer** is inadequate considering the large number of cancer patients. We have only around 4000 oncologists for our entire 1.3 billion population. Most of the cancer care centres are overcrowded and patients wait for a long period to get their treatment.” A total of 100 students, 12 teaching staff are participated in this programme.

6. Brief Report

International Women's Day is a time to reflect on progress made, to call for change and to celebrate acts of courage and determination by ordinary women, who have played an extraordinary role in the history of their countries and communities. The theme for this year's observance is “**Gender equality today for a sustainable tomorrow**”. The year 2022 is pivotal for achieving gender equality in the context of climate change, and environmental and disaster risk reduction, which are some of the greatest global challenges of the twenty-first century. This program was NSS and Women Empowerment Cell jointly organized.
