Moreover the detailed discussion on the above said titles was carried by the Head (i/c), Department of Physics. The remarks of this meeting with the parents are listed below.

Parents are encouraged to organise separate interviews during the year, at agreed available times, to discuss any concerns or discuss extra information that will assist the teacher understand the needs of individuals. This can also be accomplished through Notes, Emails and Phone.

Parents are invited to take advantage of participating in a Parent Teacher meeting at the end of the session regarding their children progress and expectations

Parents were given the feed backs that each meeting should be seen as another opportunity for parents and teachers to work hand in hand for the benefit of the students.

Most of the parents may require parent teacher meetings called 'Team Meetings' to assist in the development and updating of programs for special needs of their children.

The parents were then allowed to meet the teachers for their wards attendance & performance.

The parent gave a very good feedback for the programme as well as about the participation of faculty staffs in all the academic as well as co-curricular activities and also appreciated teacher ward system.

Further, Concerned Physics Dept. Lecturers Sri.N.B.Sivaramireddy,

Dr.L.Rajamohanreddy. delivered the views of PTA and their importance.

Question answer session of the parents with the faculties.

We received following suggestions from the parents,

- Guidance for getting the job or higher studies
- Internship Programme for the students
- Practical Training in industry to get real time information.
- Proud moment for us that our ward is studying at GDC RJPT.
- More knowledge on projects and Industrial visits
- To arrange remedial classes
- Special programme for competitive exams

The parents are asking some important points for the consideration and are follows

- To help the parents to understand the Department programmes by visiting the College and observing their children at work.
- To arrange for frequent general meetings where parent teacher consultation are possible in a group as well as individually.
- To prepare programme which can increase cooperation between College and community and can create better mutual understanding between parents and teachers.
- To provide various opportunities to parents and teachers to meet and discuss problems of their children.
- To arrange for social get-together and programmes of recreation for parents and teachers along with students.

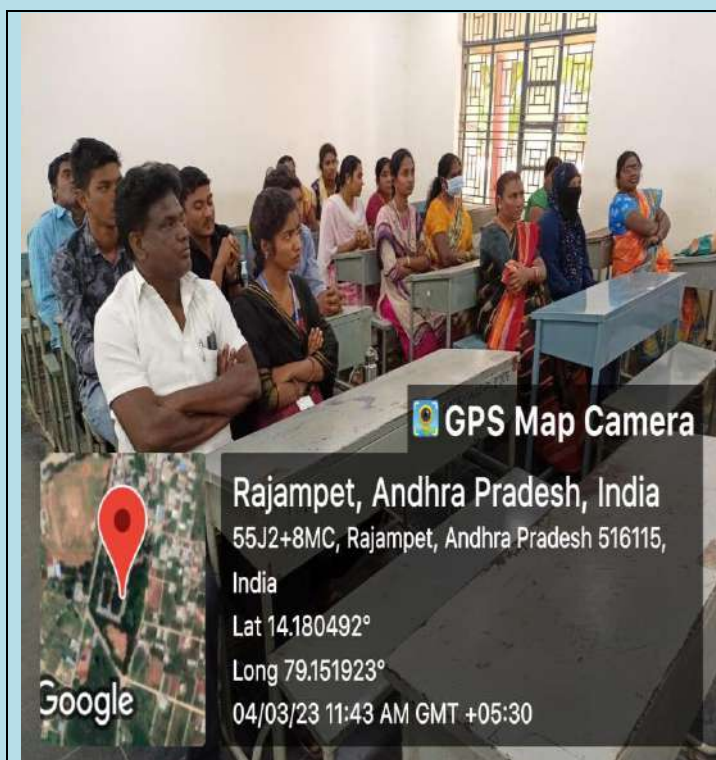

The above remarks have been taken for consideration

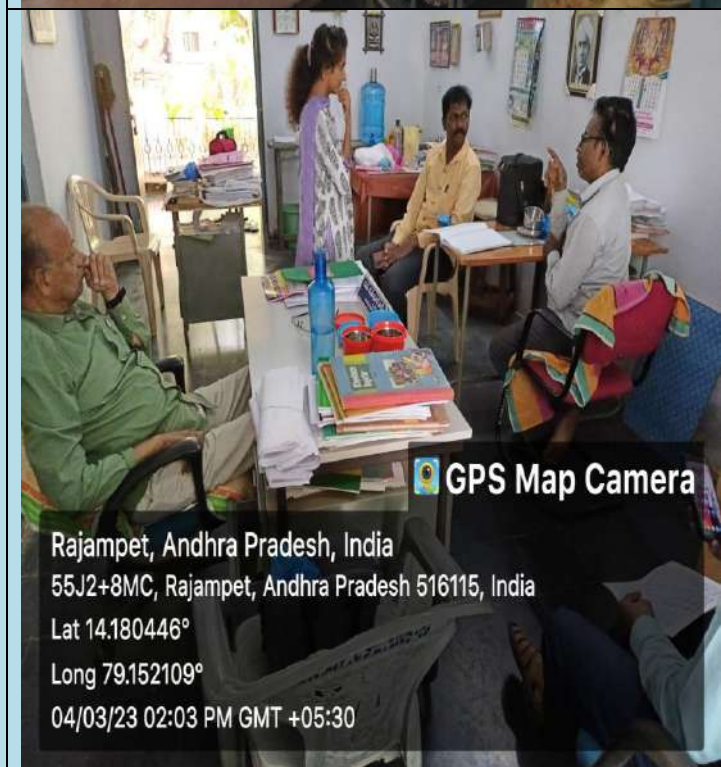

On behalf of the Physics club and Department, all the parents have been requested for their cooperation to improve the education as well as the student profile.
