CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

As per the people integration of RSETI it is the most popular institute number of people will join this environment of institute because this institute will train for free without any other fees. Also it will provide many free facilities like food & hostels. It is in a very pleasant and comfortable area. The place where the RSETI is constructed is very comfortable and correct place for training institutes. We can interact with the RSETI staff without any hesitation at anytime and improve our communication skills with each other because of we are staying in the institute.

The maintenance of institute was very good good food, beds and well plantation. The teaching & other faculty supported a very lot.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

We have learned the skill of cell phone repairs and services like (which includes) checking of hard ware and software we have to repair the cell phone in clear cut total mobile dismantle and the skills are also used in our daily life because now-a-days cell phones have become part of our life. In any situation if my mobile phone crashed because of any problem. I can repair through the skills learned in the early we were practicing the problems like how to check and solve the problems arising in the cell phone.

In the end we have experienced the work of cell phone repairs & services and I have got self confidence to start a good mobile shop and thanks to RSET for giving me this golden opportunity to perform internship

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

In this short term internship training my teaching lectures divided us into some groups and distributed the tools and components we should be with a good planning & will to protect the tools and we have learned good leadership qualities and controlled the group members in the institute learned everything with teamwork and with good behaviour.

We learned the all work by management of time. And through this time management we get more time to improve after the completion of the training we have set a good goal. In this institute and good decision making skills, better performance to analyse that what to do next.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

We could improve our communication skills

We have learnt about something about the communication skills they are two types one is verbal and another is non-verbal communication skills. These two skills are used or advised to communicate with good approach. These communication skills are build confidence level while communicating

I will build my self confidence on getting understood by others without misunderstanding

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

In this institute there are some discussions and meetings held atleast weekly once where we discuss about the growth and profit and losses and every effect of show room of authorized service centers

In this training we build some abilities like leadership and how to manage time and etc with management skills

learned how to face problems in life with good will in hard situations manage the produce as a team member and also to lead the team with management skills,

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

I have trained to the cell phone repairs & service I will improve my skills in this internship training with the skills. I have build my self confidence to future plans I will start with full confidence to reflecting job and go through with my skills

I will know my skills and how to improve my skills with my knowledge I can't depend my full life with my I will build my talent to get a good job for me I will focus about skills with digital relevance to our job given. -
