Instructions to Students

Please read the detailed Guidelines on Internship hosted on the website of AP State Council of Higher Education <https://apsche.ap.gov.in>

1. It is mandatory for all the students to complete Short term internship either in 2nd Semester.
2. Every student should identify the organization for internship in consultation with the College Principal/the authorized person nominated by the Principal.
3. Report to the intern organization as per the schedule given by the College. You must make your own arrangements for transportation to reach the organization.
4. You should maintain punctuality in attending the internship. Daily attendance is compulsory.
5. You are expected to learn about the organization, policies, procedures, and processes by interacting with the people working in the organization and by consulting the supervisor attached to the interns.
6. While you are attending the internship, follow the rules and regulations of the intern organization.
7. While in the intern organization, always wear your College Identity Card.
8. If your College has a prescribed dress as uniform, wear the uniform daily, as you attend to your assigned duties.
9. You will be assigned a Faculty Guide from your College. He/She will be creating a WhatsApp group with your fellow interns. Post your daily activity done and/or any difficulty you encounter during the internship.
10. Identify five or more learning objectives in consultation with your Faculty Guide. These learning objectives can address:
 - a. Data and Information you are expected to collect about the organization and/or industry.
 - b. Job Skills you are expected to acquire.
 - c. Development of professional competencies that lead to future career success.
11. Practice professional communication skills with team members, co-interns, and your supervisor. This includes expressing thoughts and ideas effectively through oral, written, and non-verbal communication, and utilizing listening skills.
12. Be aware of the communication culture in your work environment. Follow up and communicate regularly with your supervisor to provide updates on your progress with work assignments.

13. Never be hesitant to ask questions to make sure you fully understand what you need to do your work and to contribute to the organization.
14. Be regular in filling up your Program Book. It shall be filled up in your own handwriting. Add additional sheets wherever necessary.
15. At the end of internship, you shall be evaluated by your Supervisor of the intern organization.
16. There shall also be evaluation at the end of the internship by the Faculty Guide and the Principal.
17. Do not meddle with the instruments/equipment you work with.
18. Ensure that you do not cause any disturbance to the regular activities of the intern organization.
19. Be cordial but not too intimate with the employees of the intern organization and your fellow interns.
20. You should understand that during the internship programme, you are the ambassador of your College, and your behavior during the internship programme is of utmost importance.
21. If you are involved in any discipline related issues, you will be withdrawn from the internship programme immediately and disciplinary action shall be initiated.
22. Do not forget to keep up your family pride and prestige of your College.

CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

-As per the people interaction of RSETI it is the most popular institute, number of people will and joining this environment for free without any other fees. Also it was provide many free facilities like food, hostel. It is in a very pleasant and comfortable area. The place where the RSETI is constructed is very comfortable and correct place for training institute we can interact with the RSETI staff without any at anytime and improve our communication skills with each other. Because of we are staying in the institute.

-The maintenance of institute was very good good food, and well plantation.

-The teaching & other faculty supported a very lot.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

We have learned the skill of cell phones repairs and services like (which includes) checking of hardware and software. We have to repair the cell phone in clear cut have total mobile dismatle and the skills are also used in our daily life because now a days cell phones have become part of our life. In any situation if my mobile phone crashed because of any problems, I can repair through the skills learned. In the early we were practicing the problems like how to check and solve the problem araised in the cell phone.

In the end we have experienced the work of cell phone repairs & services and I have get confidence to start a good mobile shop and thanks to RSTI for giving me this golden opportunity to perform intership.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

In this short term internship training the teaching lecturer divides us into some groups and distributed the tools and component we should be with a good planning & will to protect the tools and we have learned good leadership qualities and controlled the group members in the institute learned everything with teamwork and with good behaviour

We learned the all work by management of time and through this time management we got more time to improve. After the completion of the training we have set a good goal. In this institute and good decision making skills, better performance to analyse that what to do next.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

We could improve our communication skills, we have learnt about something about the communication skills they are two types one is verbal and another one is non-verbal communication skills. These two skills are used or acquired to communicate skills are build confidence level while communication.

I will build any self confidence an getting understand by others without misunderstandings.

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

In this institute there are some discussionary and meetings held atleast weekly once. where we discuss about the growth and profit and losses and every effect of show-room or authorized service centers.

In this training we build some qualities like leadership and how to manage time and etc with management skills.

learned how to face problems in life with good will in hard situations. manage the problem as a team member and also to lead the team with management skills.

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

I have trained to cell phone repairs & service. I will improve my skills in this internship's training with the skills I have build my self confidence to future plans. I will step out with full confidence to reflecting job and go through with my skills.

I will know my skills and how to improve my skills with my knowledge I can't depend my full life with my. I will build my talent to get a good job for me I will focus about skills with digital relevant to our job role.
